EXPRESSION OF INTEREST FOR

EOI/NGP/132 SUPPLY, COMMISSIONING & MAINTENANCE OF SLOPE STABILITY RADAR

FOR THE NYANZAGA GOLD PROJECT

Sotta Mining Corporation Limited (Sotta) is a Tanzanian incorporated joint venture company 80% owned by Perseus Mining Limited (Perseus) and 20% by the Government of Tanzania.

Sotta is developing the Nyanzaga Gold Project (Nyanzaga or Project) located within the southern area of the Lake Victoria Gold Fields, north-western Tanzania. Nyanzaga is in the Sengerema District within the Mwanza Region of Tanzania. The Project area lies approximately 60 km southwest of Mwanza.

Sotta is in the process of developing the Project which includes the design and build of a gold processing plant, open pit mine, and associated infrastructure.

The purpose of this EOI is to identify suitably qualified Tanzanian companies with the required technical capability, OEM relationships/authorisations, local support capability and relevant mining experience to provide a reliable slope stability radar solution together with commissioning, training and ongoing technical support.

Scope of Work Description	EOI Reference
The successful contractor will be expected to provide a complete slope stability radar supply, commissioning, training, maintenance and technical-support solution. The scope will include, but will not necessarily be limited to, the following: a) Supply of Slope Stability Radar System Supply a globally recognised slope stability monitoring system suitable for mining applications. The bidder shall demonstrate knowledge and experience with recognised slope stability monitoring systems from manufacturers such as GroundProbe, IDS GeoRadar or Reutech, or equivalent systems acceptable to Sotta. b) OEM Authorisation and Technical Support • The bidder shall be appropriately approved or authorised by the Original Equipment Manufacturer (OEM) for supply of the proposed radar equipment. Commissioning and maintenance shall be undertaken either directly by the bidder where fully approved by the OEM or by the OEM working in partnership with the bidder. c) Commissioning and System Integration Provide all required technical resources for commissioning of the radar system and ensuring that it is fully operational and suitable for its intended slope stability monitoring application at the Nyanzaga Gold Project.	EOI/NGP/132

d) Training and Knowledge Transfer Provide comprehensive on-site training to the Nyanzaga Geotechnical Team covering, at minimum: • Radar operation; • Routine maintenance; • Data processing; and • Interpretation and analysis of radar data. This requirement reflects the specific knowledge-transfer obligation contained in the original SOW. e) Annual Maintenance and Technical Support Provide an annual technical support and maintenance programme that includes: • 24-hour, 7-day technical helpdesk support; • Daily remote system checks; • Annual on-site servicing; • Software upgrades and updates; • Hardware maintenance and repairs; and • Availability/provision of critical spare parts.	

Sotta invite companies interested and qualified in delivering this scope of work to submit Expression of Interest, which must address the following compliance criteria:

Expression of Interest Compliance Criteria:

a) Detailed company information including ownership (provide shareholder % of ownership), organisational structure and details of any Tanzanian operating entity including evidence of local content compliance with the Tanzania Mining Commission or verification of eligibility to apply.

b) Confirmation of the entity's ability and commitment to establish an entity which is local content compliant in accordance with the Tanzanian Mining Act, and particularly the Mining (Local Content) Regulations 2018 and any subsequent amendments.

c) Demonstrated technical knowledge and experience in slope stability radar technology and mining-related geotechnical monitoring systems

d) Documentary evidence of current OEM approval, authorisation, distributorship, partnership or other appropriate technical relationship covering the proposed radar system.

e) Relevant performance information for comparable installations, including available performance data for the preceding 12 months such as system/equipment **availability and downtime**.

f) Evidence that the bidder, either directly under appropriate OEM approval or jointly with its OEM partner, has the resources and competency required to commission, maintain, troubleshoot and repair the proposed system.

g) Demonstrated ability to provide responsive technical support throughout the operating period, including 24/7 helpdesk capability, remote monitoring/checks, planned servicing and hardware/software support.

h) Details of current services being performed as well as evidence of successful delivery of similar scope of services within the last 10 years with the following details provided:

i. name of the project;

ii. name of the client;

iii. brief scope of services;

iv. value of the services value of scope of work (indicate the applicable currency);

v. commencement and completion dates; and

vi. contact details of a minimum of three (3) references for each project.

i) A copy of the company's Health, Safety and Environmental (HSE) policy in line with international mining standards, sample HSE Management Plan and HSE statistics for the last 3 years. Including the company's lost time injury frequency rate (LTIFR) and medically treated injury frequency rate (MTIFR).

j) Details and experience (submit a copy of Curriculum Vitae) of key personnel (Project Manager, Project Co-ordinators) proposed for involvement in the scope of services.

k) A copy of audited financial reports to verify company's financial capacity to deliver the scope of work.

l) Demonstrated ability to establish and maintain an appropriate stock of critical spare parts to support system availability.

Expression of Interest Submission Requirements:

1. Any interested parties are requested to submit electronically their Expression of Interest to the following e-mail address: **EOI.TenderSubmissionsTZ@perseusmining.com**
2. Submissions must have the subject heading: **EOI/NGP/132 SUPPLY, COMMISSIONING & MAINTENANCE OF SLOPE STABILITY RADAR**
3. Submissions must include a response to all the items listed in the above Expression of Interest Criteria on no more than **one** A4 sheet with the supporting documents attached.
4. Expression of Interest applications close on **Friday 20th November 2026**. Expression of Interest submitted after this date will not be considered.
5. Evaluation of the Expression of Interest will be based on the information submitted to the Expression of Interest Compliance Criteria.
