Sotta Mining Corporation Limited

EXPRESSION OF INTEREST FOR GOODS TO THE NYANZAGA GOLD PROJECT

EOI/NGP/OPS/104 ELCTRICAL CONSUMABLES

Sotta Mining Corporation Limited (Sotta) is a Tanzanian incorporated joint venture company 80% ultimately owned by Perseus Mining Limited (Perseus) and 20% by the Government of Tanzania.

Sotta is developing the Nyanzaga Gold Project located within the southern area of the Lake Victoria Gold Fields, north-western Tanzania. Nyanzaga is in the Sengerema District within the Mwanza Region of Tanzania. The Project area lies approximately 60 km southwest of Mwanza.

Sotta is in the process of developing the Project which includes the design and building of a gold processing plant, open pit mine, and associated infrastructure.

Sotta is seeking expressions of interest (EOIs) for the supply of Electrical consumables for the Nyanzaga Gold Project.

The supply of Electrical consumables includes, but is not limited to, the following:

- The provision of Electrical consumables is suitable for our operations. One key objective of this contract is to ensure the availability of items while also reducing operating costs. This means the supplier must keep the necessary items in stock for Sotta.
- The supplier has the following critical selection criterion: The availability of the Electrical consumables in the country (please provide proof of this).
- Having an Electrical consumable factory in Tanzania will be a huge advantage.
- The supplier will be responsible for the entire supply chain, with items delivered to Dar es Salaam.
- Continuous improvement of the commercial and technical relationship is expected.
- Demonstrated experience in the mining sector is required.

Sotta invites interested and qualified supply companies to submit their EOIs, accompanied by documentation supporting the following requirements:

a) The Word document "***Prequalification - Electrical consumables supplying - EOI***" duly completed and submitted in Word format

b) Detailed company information, including ownership, organizational structure, and details of any Tanzanian operating entity, including evidence of local content compliance with the Tanzania

Mining Commission or verification of eligibility to apply – Sotta preference will be to hire a Tanzanian company wholly (100 %) owned by Tanzanian citizens.

c) Company overview: structure, organizational chart, main equipment, qualified human resources

d) Evidence of successful delivery of similar scopes within the mining industry within the past 10 years. Details of past and current projects should include a brief scope of work and their value in Tanzanian Shilling.

e) Details of current contracts, including value, assigned equipment, and labor resources.

f) Information and experience of key personnel proposed for involvement in this scope of work.

g) A copy of the company's Health, Safety, and Environmental (HSE) policy, along with HSE statistics for the last three years. This should include the company's lost time injury frequency rate (LTIFR) and medically treated injury frequency rate (MTIFR).

h) Verification of the company's financial capacity to deliver this scope of work, provided through formal documentation (such as audited financial reports).

i) The contractor's ability to engage local community workers to participate in site work.

Any interested parties are requested to submit electronically their EOIs quoting **EOI/NGP/OPS/104 ELECTRICAL CONSUMABLES SUPPLYING** in the email subject header to the following e-mail address: **EOI.TenderSubmissionsTZ@perseusmining.com.**

Should interested parties have any question related to **EOI/NGP/OPS/104 ELECTRICAL CONSUMABLES SUPPLYING,** it should be issued to the email address above.

Applications are to include a summary of responses for the 7 items a to h which is a maximum of two A4 pages in size. The summary is to address all 7 points and reference the attached information as required. The summary may be an email or word/pdf document.

The last date for acceptance of EOIs will be **Friday 27th November 2026**. Evaluation of the EOIs will be based on qualification, experience, and commercial aspects.
